AWARDS
Finalist

Custom Development Solution of the Year

Microsoft Partner Network IMPACT Awards recognizes imagnēt for customer support and service.

imagnēt has been selected as a finalist for the 2009 Microsoft IMPACT Awards in the category of Custom Development Solution of the Year. The recognition is for a healthcare solution imagnēt created that brought together general practitioners and medical specialists for increased collaboration and ease of scheduling between medical offices. imagnēt made this possible with a team of dedicated IT professionals and an agile approach to software development.

The IMPACT Awards recognize excellence within the Microsoft technology partner community in Canada and showcase innovative solutions that deliver value to customers.
